What's Your Hobby?

Do you have a favourite hobby that you think people might like to read about, or even learn more about on Zoom?

Maybe you're an expert gardener, or brilliant at baking?

Do you know some local walking routes, or do you love arts and crafts?

If so, let us know! We'd love to feature you in the newsletter, or even help set up a Zoom session so other people can enjoy the activity that makes you happy.

Zoom Sessions

Holding your own session on Zoom might seem like a big deal, but it's easier than you think! All you need to do is choose the activity that you'd like to share and let us know - we will set up the rest!

Some popular activities have included baking and crafts, but we can help you set up a session for any type of hobby!

On the day of the activity we'll start the session and spotlight your screen on Zoom and you can show us how to do the activity. But don't worry, there'll always be someone on hand to help with technical things, and to help if there's any problems with the session.

Newsletter Stars

Getting involved with the newsletter couldn't be simpler. Send a photo and a description of your news story, or give us a call and tell us about it!

We can feature any news event – big or small. How about a birthday celebration, a recipe you've tried, a recent day trip out? Or maybe you'd like to share some artwork, or a description of how your life is at the moment?

Whatever you've been up to, we'd love to hear about it!
